

TITLE OF RESEARCH

John Doe

University of Kolopetinitza

ABSTRACT

This is an abstract, where you put your research's basic points and findings

1 INTRODUCTION

Introduce here the basic idea behind your research, the basic theory behind it and what you aim to find by conducting your research.

2 THE METHOD

Here, introduce the various methods used in your research to retrieve any and all results.

2.1 Method 1

Method 1 does X and Y to get Z.

2.2 Method 2

Method 2 does A and B to get C.

3 THE RESULTS

Present here your research results.

4 NOTES

Discuss here various issues or clarifications concerning your research methods and results.

5 CONCLUSION

Make here your conclusions and mention any potential open questions that your research has created and can probably be answered with further research

6 REFERENCES
